Relations With Activities Associations and Activity Conferences

1505

The board of education supports the concept of membership for this school district in associations that will enable our school to benefit from cooperative development and supervision of our educational program.

The board of education, in entering into any such membership, recognizes and agrees that any administrative or legal action contemplated by the board in the name of the schools must conform to the published policies, rules and regulations of any such association.

If conflict between the policies, rules and regulations of this school district and those of any association in which this district maintains membership should arise, the board of education reserves the right to decide whether its policies, rules and regulations should be placed in harmony with those of the association, or the membership should be terminated.

The board of education authorizes the district's membership to the Nebraska School Activities Association, and to the Pioneer and MUDECAS Conferences.
