Employment of Administrators Other Than the Superintendent of Schools

2205

Secondary principal's position shall be authorized by the board of education upon the recommendation of the superintendent of schools. He or she shall be properly certified so as to conform with standards established by the Nebraska State Board of Education and shall have such training and experience as deemed appropriate by the board of education and the superintendent of schools. Unless otherwise indicated, the principal shall be assigned, supervised, and evaluated by the superintendent of schools. Except for an administrator who may also be categorized as a teacher, the superintendent of schools will share evaluation summaries with the board of education. The superintendent of schools shall make recommendations as to continued employment at the regular January board meeting. The board of education may contract with the principal for a period of time not to exceed one year. If the superintendent of schools intends to recommend that the board of education consider amending or terminating the contract of the principal, said principal's evaluation will be withheld pending its possible introduction at a board hearing on the matter.

The school administrators will serve as the school district's administrative council and shall be called upon from time to time to make reports to the board of education.

Refer to AR-2205, Principal's Contract of Employment.
