

School Sponsored Conferences or Activities

2310

The board of education shall provide or authorizes the administration to provide food or refreshments to individuals or committees that are participating in district-authorized conferences or activities. The providing of food or refreshments must assist or permit the individuals or committees to spend more time on task than they would if the food or refreshments were not provided. The providing of food or refreshments shall not be considered as any form of remuneration for participating in the work or activities.
