It shall be the responsibility of the superintendent of schools, with input from the principal or principals, to determine the staffing needs of the district. Local staff members are encouraged to suggest prospective applicants. Area teacher training institutions will be notified of local teacher needs by listing vacancies with the University of Nebraska Teacher Placement Bureau.

Each teacher selected to teach in this school district shall meet the requirements and job descriptions as set forth by this school district, by state statutes, and the Nebraska Department of Education. Each teacher employed by the school district shall hold a Nebraska teaching certificate with the appropriate endorsements, or show evidence that he or she is capable of meeting those standards.

After screening the applications and the prospective candidates the superintendent of schools shall present the person or persons he or she is recommending for employment to the board of education for final approval. A majority vote of the total board of education shall be necessary to confirm any contract for employment with the school district.
