

Formulation of Administrative Regulations

7310

The board of education shall delegate to the superintendent of schools the function of specifying required actions and designing the detailed arrangements under which the schools will be operated.

Such rules and detailed arrangements shall constitute the administrative governing of the schools. They must be in every respect consistent with the policies adopted by the board of education.

In the absence of applicable policy, the superintendent of schools is authorized to establish needed regulations subject to later confirmation in policy, should the board of education so wish.

The board itself shall formulate and adopt administrative regulations when specific state laws require board adoption in light of strong community attitudes or probable staff reaction.
