

## Credit Policy

AR-5305

Supply bills for classes shall be issued one week prior to the end of each semester. (The earlier, the better if possible.) First semester bills are to be payable before the start of the second semester and second semester bills at the end of that semester.

Letter jackets, class rings, sweat shirts, cheer-leading outfits, shoes, etc. shall be paid for in full before these items leave the principal's office. Items that require a deposit or that require that the school be held accountable shall be paid in full before they are ordered.

Hot lunches will be paid in advance. A student who has forgotten his or her money may charge up to five meals. Applications for free and reduced meals will be sent out to any family that cannot afford to pay for their lunches and who meet established requirements.
