

STUDENT NAME _____ GRADE _____ DATE _____

**FREEMAN HIGH SCHOOL
VOLUNTEER SERVICE GRADUATION REQUIREMENT**

Thank you for providing volunteer service opportunities for Freeman High School students. We ask that you validate the service by completing the information on this form. We remind you and the student that volunteer service is defined as "unpaid, volunteer time." Service rendered for pay or to complete volunteer hours to be used for other purposes is not acceptable. If there are questions, please contact Freeman High School prior to the completion of volunteer time.

It is impossible for Freeman to define every volunteer service which would be acceptable in meeting this requirement. Help agencies would include, but not be limited to Goldcrest, United Way, Goodwill, The Salvation Army, The American Red Cross, Big Brothers/Sisters, Habitat for Humanity, etc. Sample volunteer possibilities would include assisting elderly with yard work, volunteering through school, church, church, and community organizations, etc.

If you have completed volunteer service, have a representative of the agency, or the person for whom the service has been performed, complete this portion of the sheet and then present it to your guidance counselor for entry on the "Accounting Form," kept in the counselor's office at school.

While we encourage all students of all pages to begin involvement in community service, these hours of credit do not begin to accumulate until the summer before students enter 9th grade. If you have questions, please call the Freeman High School Counselor's office at 402-988-2525, ext. 131. Thanks for your support.
